was

Antis White - Mother of Robert Blair (our great grandfather) as I understand it, the James Whitcomb Reilly Connection comes through, Antis White. How? No doubt the link can be found in Indiana genealogy records of J.W. Reilly.

Antis White was a Sister to John White of Batavia, O. Frank White of Batavia is his son.

Robert Blair - B. July 22, 1816 D. Sept 8, 1879 (died the day Mary Edill's Mother (La Bella Boulevard) was born.) Mar: Sarah Raper Apr. 26, 1840.

Sarah Raper - B. Jan. 20, 1822 D. Nov. 22, 1896. 3 children Elizabeth, Judith, Katharine. Her Father's name was Samuel Raper. He was a brother to Wm. Raper - a fine preacher & Mason. There is a chapel named after him some where (Ohio, I believe) Since Wm. Raper was rather prominent in his day - this might not be difficult to locate.

Dear Sarah,

I am Mammie Olive Fogleman Stokes, daughter of Julia McAdams & John Franklin Fogleman. My brother Julian received your card addressed to Mother and I told him that I'd write you and bring you up to date and hope that you'll do the same with you me when I get through telling you about Mother and Auntie (Alberta McAdams Stone) and will be asking you a lot of questions about how you are related to my aunt & Mother.

Mother (Julia) died March 7, 1982 following a stroke she had in September, 1981. She was nearly 90 when she had the stroke. Her birthday was November 8, 1891.

She was very alert, mentally but was getting so she couldn't see very well so me (her 4 children - 3 boys & me) encourage her to have a lens implant, which she did on September 18, 1981. Her sight improved almost immediately and we were so pleased. I was going to take her to the doctor for a check up on September 24, 1981. When I got to her house to pick up Mother, she was sitting on the side of the bed, waving her right hand and trying to say something so I knew she had a stroke. She was in the hospital for a month and we then moved her in a nursing home with attendants around the clock, as we had had since we took her to the hospital. Her mind stayed good up until the last 2 weeks or so before she died.

My father died on April 1, 1978. He was 88 and was in pretty good shape. At age 88 in 1968 he had an operation to remove a blood vessel in the left side of his neck. He lived 10 years after the operation but gradually developed

problems with his memory and speech but he was not bedridden until a Wednesday and he died the following Saturday. I really considered that a blessing because he was such a private, independent person and he would have been miserable to be confined to bed & completely dependent on others.

I looked for your name in Mother's address book which I saved from Mother's home when he cleaned it up and moved everything out so one of her grandsons and his family of a wife and 4 children could move in. I was the correspondent to inform all of her friends and relatives of her death & I recognized your name immediately as a relative to some degree on the McAdams Boulware side of the family, but the last date I could find when she had sent you a card was in 1975 so I thought there was no use for me to write to you.

Now, to Auntie - Alberta. Uncle Charlie (Alberta's husband) died in 1978, I believe and for all practical purposes, Auntie lived with Mother for the last 5 years of her life. After she died I took her Christmas list and wrote to all the people she corresponded with on Christmas. I made a master copy and duplicated it to send to all of them and I will try to get it duplicated & send you a copy of it in this letter.

In the summer of 1983, my husband and I went to Lexington, KY to visit Anne Clemmons (I should have put McAdams in the middle there) she looked so much like Alberta that it was unbelievable. She even had mannerisms like her. Even my husband thought so. While we were there, she loaned us a book of genealogy that her Mother had assembled. I brought it home & made copies of the pages on the McAdams family and also on the Boulware family. I knew that my Grandfather McAdams (Albert Clifford) Mother was Boulware so I am assuming

that your father was related in some way to my great grandmother - Mary E. Boulware, who married Oliver P. Mc Adams. I will make a copy of these pages, too, in case you have never seen it. I am guessing that your ancestor is Charley - 8th child of William Boulware on page 324. The only one that I can think that might be you is on page 325 - Sarah Blair, born June 30, 1909 or is that your parent.

I will be 70 on January 4 and we have 8 grandchildren who range in age from 26 (she is to make us great grandparents in June) to 2. We have 3 children - Judy - an attorney married to an attorney living in Memphis - age 44; a son Bob - age 42 - who works for a Crane Rental Company and has half of our grandchildren. 3 boys + 1 girl, the oldest boy is 22, a graduate of West Point, a son 14 who lives with his mother in Memphis; a girl who will be 6 in Feb. and a son who will be 2 on Dec. 30. There are by his second wife, who is also an attorney; Charlotte - teaches school in the elementary school (6th grade) and has 2 children - a boy who will be 5 in March + a girl who was 3 in November. Charlotte will be 30 in April.

Please tell me all about your family both ancestors and descendants. I have become very interested in this type of information concerning our relatives.

I hate to have to tell you about the death of 2 of your relatives + their husbands in one letter although their deaths covered 8 years.

Thanks so writing to Mother as I hope to find more about some of my relatives through you.

With kindest regards
Mamie Olive Stokes

Dear Friends and/or Relatives of Alberta and/or Charlie Stone,

This message is for all long-time friends from Alberta's niece, Mamie Olive Fogleman Stokes.

On Monday night, August 16, 1982, Alberta died about 8:30 PM at St. Joseph's hospital in Memphis, Tennessee (for you who are not familiar with our location, Memphis is only a twenty-minute drive from our house in Marion.)

She was hospitalized until July the twenty-eighth, from July 3. Nine of those days being in the Intensive Care Unit. On July the ninth, she had to be moved from the regular hospital room to the ICU where they determined that she had had a heart attack, a stroke, and several seizures.

She was moved from ICU on the 18th of July back to the hospital room where she was until July 28, when she went back to the nursing homewhere she had been a resident since December 21, 1981. She was at the nursing home until August the fifth and was back in the hospital until she died.

She had attendants with her around the clock from the time she became a resident of the nursing home until her death. Both of them were very fond of her and did everything for her comfort. The day time attendant took great pride in keeping her hair properly combed, her face made up and her clothes in perfect order.

As I told you when I wrote to you around Christmas time, she was unable to communicate with us. This condition worsened until she quit trying to communicate and we believe that she only fleetingly recognized us from the time she was hospitalized until she died, so I believe her passing was a blessing.

Her body was flown to Fayetteville where services were held at St. Paul's Episcopal Church, the church to which she belonged and was buried in Evergreen Cemetery where her mother, father, and her husband are also buried.

Several of her long-time friends shared the services with us and I am happy to say that she looked very natural, her hair being becomingly fixed and her dress looked so nice on her.

Incidentally, when I previously wrote I told of my mother's, Alberta's sister, illness. She died on March 7, 1982, after her stroke on September 24.

Thanks to all of you for your long, kind consideration of both Alberta and Charlie and may God bless you all, in whatever state this finds you.

Sincerely,

Boulware - Maiden Name of our grandfather McAdams Mother

EXPIRES TUES., FEB. 24, 1976

Another Christmas rolls around and this past year has been quite a year for me and my family. After my return from Christmas last year in Cleveland with Nancy and her family I went into the hospital on my return to Midland with the flu and my weight got down to 90 pounds. Who ~~saw~~ that I'd ever have gotten so thin!! But I recovered enough to go to Columbus to visit Robin and his family and a day in Delaware on my way to Mississippi to visit my sister and brother. While at Hekens I slipped and fell and ended up in the hospital down there for a week but more from the shock than anything else. But the folks down there that I shouldn't travel alone so Nancy flew down and came back with me.

Back home I was soon my old self again and started walking as a form of therapy. At first I walked with a cane but I was soon walking without it and never use it any more the I do get out and walk at least a mile each day. And I have the go-itis again. I am planning to go to Ruth Anne in New Jersey for Christmas. At the end of February I have reservations to fly to Fort Lauderdale where I leave on the 20th for a Caribbean cruise. On my home from that I expect to stop briefly in Jackson to visit my brother and sister (in Mississippi).

My family are getting to be travelers too. Ruth and Joe went to Europe last spring and Carol's oldest daughter went to Puerto Rico with her girl scout group and as soon as she returned from there the entire Pastor family took off for a car trip to Yellowstone and the west. Then they played hosts to a Watters family reunion. The first time we had all been together since most of the children were born. The cousins had quite as good a time getting acquainted as the grown folks had visiting, at the house. The local Holiday Inn worked out fine and the kids all stayed over there and enjoyed the swimming pool, the bowling alley next door and a car at their disposal and a case of soft drinks and a car to go get pizzas and no adult to tell them to go to bed so they had a ball. In fact everyone had such a good time they want to repeat it next year.

In January Don was moved up into the international division of the Dow-Corning Co. and is manager of the western hemisphere except for the U.S.A. so he travels to Canada, Mexico, Central and South America besides traveling around this country to give talks so he is getting in a lot of travel. Robin, as a Federal #3 D.A. Travels over Ohio in his job. Nancy went to Los Angeles last January to see Stacey compete at the National ice skating competition. Stacey and Frank placed 8th. Stacey has decided to go back and get her O.C.O. figure skating and in dance too in hopes of eventually turning pro.

Scott is still in Ohio Wesleyan and an honor student. He is ever busy working on his research fellowship he was awarded in Chemistry.

Carol's family keep busy too. Dick's firm have more jobs than they can handle and have had to take another architect into the office to help. The girls keep busy twirling the baton. Diana is a majorette and both she and Donna have won trophies with their twirling. Debbie's scout troop keep busy with projects to raise money for the next trip they plan, to Hawaii I believe. They baby-sit and bake rolls and make canapés for parties, etc. Mike has a paper route and dog sits, feeding and walking dogs for folks when they go out of town.

Robin is now a district U.S. D.A. in the criminal division. His son, Mark has just become an Eagle scout and initiated into the Order of the Eagle, you folks in scouting know what an honor that is. He is also on the high school swim team as well as competing and winning lots of trophies. Robin Lynn also competes in swimming and has a room full of trophies. She is also quite a flutelist and is a member of the Columbus symphony. She also has five flute students. Lois, like all mothers sews and runs taxi getting her children to lessons and competitions etc. She is going with me on the Caribbean trip as I didn't want to go along and that is one kind of a trip Robin would never take her on as he says he gets sick just looking at a boat.

As you can judge from my letter I'm awfully proud of my children and grandchildren. With so many of the IM-set being what they are today I'm glad I don't have any hippies in my bunch.

Best wishes for a MERRY CHRISTMAS and a VERY healthy and prosperous year ahead.

frustrating to have one name &
pretty full information but married to -
and only a first name - then later
another wife first name only and no
record of a death or divorce or wife &
& children (seemingly by the dozen)
but by which wife is not specified.

Checking again - Emma says we
don't have the date of Leslie's death,
Leora's marriage - and dates on your
father - Also we have Grand mother Hoyt's
father as Lewis Keeler the son of George
Feeler. Lewis Feeler married Sarah
Warner the daughter of Daniel Warner
& Melitable Parsons. Now we can go
back on the Parsons line but not even
the names of Daniel Warner's parents or wife
your mother I think, had quite a
few records or seemed to know more
family history than any of the others
so perhaps you have them.

On the Hoyt side - counting our
Grandparents as generation to trace from -
we find that 5th generation back a
Capt. Joseph Hoyt - B 1727 married a
Sarah Collins of Grafton N. H. was home
of Capt. J. Hoyt's father (Joseph Hoyt) The
5th generation back in Grandmother
Hoyt's family thru the Warners &

THE HOYT FAMILY 1839 - 1949

Two brothers, William and Charles Hoyt settled respectively in Hillsboro and Chillicothe, each heading a line of three generations of homeopathic physicians. William Hoyt I was born in Canada in 1839 and moved to Vermont when he was fourteen. He served three years in the Union Army in the Civil War. He then graduated at the Cleveland Homeopathic Medical College in 1867, and practiced in Hillsboro with honor and success for 52 years - until his death. The records show he delivered almost 4,000 babies in those days when all were home deliveries with few hospital facilities or trained nurses. He also occupied many positions of trust in his community.

His son, William Maurice Hoyt II, is a graduate of Hahnemann College in Philadelphia, and is now one of the representatives of the homeopathic school on the Ohio State Examining Board, in his third term. At home he had been County Health Commissioner for fifteen years, and County Coroner for fourteen years. Dr. W. M. Hoyt II practiced with his father occupying only three different office locations in 81 years, and in this office is an unbroken record of every case treated from the first prescription of Dr. Hoyt I in 1867 until the present time, a record difficult to duplicate anywhere.

Dr. William Hoyt II has one son, Charles Wm. Hoyt, who also graduated at Hahnemann College in Philadelphia, and after eight years of practice, is specializing in an anesthesia in a two-year course in Philadelphia at Hahnemann.

Daughter Annie of Wm. Hoyt I also studied medicine, graduating from Pulte College in Cincinnati, and student for one year in Germany. She practiced with her father until her marriage to Dr. W. B. Robinson, and their oldest child graduated from Yale Medical College and practices at Mt. Gilead, Ohio.

PIONEER PRACTICE

It seems that there should be some outstanding story out of the pioneer practice of Dr. Wm. Hoyt I and here is what was hastily remembered by his son, Dr. Wm. Hoyt II. "There were many experiences similar to other doctors of the period, and unusual events such as delivery of a baby where the people lived in a house with only a roof and three sides, the fourth being open for an open fire with no semblance of fire-place or chimney, the floor but the bare ground, the bed but a pile of leaves with grain sacks over them; of attending the great-grandson of a full-blooded Cherokee Indian Chief right here in this territory; of a case of pneumonia treated in a house where you could stand by the bed and look out through cracks in the roof and see the snow flying; of operating on a ruptured appendix with the child on the top of the sewing machine and only the wash boiler for sterilizer and shaped ether cone from bailing wire, and where the cracks of the floor were so wide you could stick your hand through and scratch the pigs on the head, and having the patient get well; of a patient who apparently thought he could walk on water (as the Bible relates) but sank; of

a woman who pulled a dog out from her feet under the feather-bed as a foot-warmer, and many more that are similar."

CHARLES HOYT

The youngest brother of Dr. Wm. Hoyt I, Charles Hoyt, got his medical education at Puget, Cincinnati, graduating in the late seventies. He located in Chillicothe, Ohio, in 1881, and started another family line of homeopathic physicians. He was president of the Ohio State Homeopathic Society in 1913. His oldest son, Loy, graduated from Hahnemann in Philadelphia in 1909, and practiced with his father until his death, and is still in active practice. Loy's oldest son, Charles, graduated from Physicians and Surgeons in New York. He served in the armed forces in the last war and is now associated with his father in Chillicothe. Every one of the Hoyt family have carried on the family medical traditions in a record almost impossible to equal in quantity and quality of high service.

Martha A. Parsons 1869-1962

A strong and independent woman, Martha A. Parsons was recognized professionally in the predominantly-male world of business at the turn of the century.

She traveled extensively, invested her considerable wealth shrewdly and remained active in civic and church matters throughout her life.

Born on December 6, 1869 in Enfield, Connecticut, she was the youngest daughter of John and Juliaette (Allen) Parsons. While attending Enfield High School, Martha earned certificates equal to today's teaching certificate.

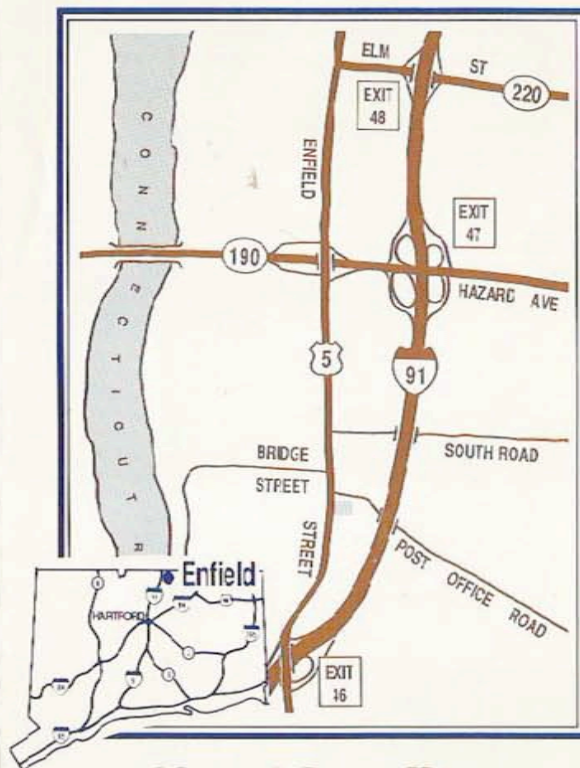

In the 1890s, Martha joined the Morgan Envelope Company (now United States Envelope Company) as a stenographer for the then generous sum of \$12 a week. At her subsequent employer, Larders, Frary & Clark of New Britain, she advanced in 1912 to secretary of the corporation, a most unusual accomplishment for a woman at the time. Indeed, Martha signed her mail "M.A. Parsons" so other companies wouldn't know they were dealing with a woman.

Three years after her mother's death, Martha retired from her successful business career at the age of 50 and returned to live in Enfield with her older sisters, Juliaette and Mary.

Martha's participation in her hometown continues even after her death in 1962. With her bequest of the family home to the Enfield Historical Society, Martha A. Parsons has earned the gratitude and respect of the community she loved so well.

MARTHA A. PARSONS HOUSE

ENFIELD, CONNECTICUT

*The lifetime collection of
a prominent Enfield family.*

1387 Enfield Street
Enfield, Connecticut 06082

The Martha A. Parsons House

The Parsons House, as it is now known, was built in 1782 by John Meacham on land assigned for use by future "parsons" (ministers). At one time, the house was called "Sycamore Hall" for the row of sycamore trees that lined the street.

The present name, however, is the result not of the house's intended use, but of a charming coincidence: the last family to occupy the house was named Parsons.

In 1800, John Ingraham, a retired sea captain from Saybrook, Connecticut, purchased the house for his grown family. (It was he who decorated the front hall with the famous George Washington Memorial wallpaper which remains intact.)

Ingraham's granddaughter married Simeon Parsons, and they were the paternal grandparents of our benefactress, Martha A. Parsons.

How long this house was occupied by the Ingraham family is not clear. Research reveals a progression of owners in the early 1700s. And additions of adjoining land enlarged the lot to three times its original size.

In 1906, 26 years after the death of John Parsons (John Ingraham's great-grandson), his widow, Juliaette Parsons, purchased the property. She moved in with her three grown daughters, Juliaette, Mary and Martha.

We assume this was when the first central heating plant was installed and the kitchen fireplace boarded up. It is likely that the kitchen was then converted to a dining room, with the large china cupboard added at the north end. The ell was probably attached at this time to allow for a new kitchen

The Enfield Historical Society acquired the property in the 1960s, through the generous bequest of Martha A. Parsons. The ell was then converted to a caretaker's apartment, allowing the restoration of the massive kitchen fireplace and the continuing care of the house and its contents.

Candlestand (c. 1785-1850)

The cherry and pine candlestand includes a drawer for candles, snuffers and other lighting devices. Although candlestands were common throughout New England, the addition of a drawer opening from front and back was an innovation of Connecticut Valley cabinetmakers.

George Washington Memorial Wallpaper (1800)

A Boston paper steiner combined the English pillar and arch design with a memorial to George Washington. Its advertisement proclaimed, "(as the wallpaper is created) to perpetuate the Memory of the Best of Men, is the production of an American, both in draft and workmanship, it is hoped that all true-born Americans will so encourage the Manufactories of their Country, that Manufactories of all kinds may flourish, and importation stop."

Furnishings and Decorative Arts

No amount of money could buy a collection of antiques that has more meaning to a community than the lifetime accumulation of a prominent local family.

With only a few additions made since Martha A. Parsons' bequest, what we have within the walls of her house reveals one family's lifestyle of unpretentious simplicity and graciousness for over 180 years.

Every piece of furniture was important either for its usefulness, the significance of its previous owner or the way in which it was acquired.

In the parlor, for instance, are the **cherry Hepplewhite half-moon and Pembroke tables** brought from the West Indies by Captain Ingraham for his daughter's wedding gift.

The dining room displays a **harbor scene etching by Whistler** and the **silverware and sterling spoon collection** handed down for generations.

Up in the south bedroom is the delicate **candlestand with drawer**, selected for display in the 1985 "Great River" exhibit at Hartford's Wadsworth Atheneum. Here, too, is a **19th-century highboy** with reeded columns, scalloped apron and cabriole legs.

In the rearing room stands the **secretary** made by a local carpenter named King for Martha's mother, Juliaette, in 1345, the year of her wedding.

Gracing the parlor is the elegant **Chippendale chair** that had been part of a set given by a Parsons ancestor to an early Congregational church in Enfield.

Whether for its utilitarian or sentimental value, every possession was lovingly maintained by each generation of the Parsons family. The Enfield Historical Society is proud to continue this tradition.

Brentwood, N.H. incorporated as Poplin in 1764. After the death of Sarah Collins he married again but the 2nd wife had no children. Soon after 1772 he removed to Grafton, N.H. (Ref. "Child's Gazateer of Grafton County pg 278)

Settlement of town was begun by Capt. Jos. Hoyt in May 1772 who came from Poplin. Tradition says the first apple trees set out in Grafton consisted of 100 trees carried from Poplin by the wife of Jos. Hoyt. It is said that Capt. Jos. Hoyt raised a company of 20 men and went as Capt. when the Indians burned Royalton but did not reach that place. The Company was organized at his own expense. He served in the War of Revolution.

Capt. Jos Hoyt moved to Brentwood N.H. as early as 1752 in that part incorporated as Poplin in 1764. He was taxed in Poplin as late as 1772, but he very soon after removed to Grafton, N.H.
